Portable Spot Cleaner

The Portable Spot Cleaner is the solution to nightmare carpet stains. Our powerful motorised hand tool quickly tackles stains deep within your carpets, car interior, upholstery and fabrics.

Find out more.

Portable Spot Cleaner

Description

At Rug Doctor, we understand that accidents can happen. This is why we've developed the innovative [Portable Spot Cleaner](#) – ideal for families and pet owners.

Moving it around is a breeze thanks to its lightweight design and carpet-friendly wheels. The specially designed motorised hand tool tackles stubborn carpet stains easily and the powerful suction technology reduces drying time.

The Portable Spot Cleaner is designed for cleaning up spots, spills, stains and hard-to-reach areas all over your home making it an essential tool for households of all sizes.

Our machines clean deep into carpet fibres, removing dirt and grime buried beneath the surface.

Where to Use

The Portable Spot Cleaner is ideal for those small stains that can happen around the home. It's perfect for use on all household carpets, rugs and upholstery such as sofas and even your mattresses. Its compact design makes cleaning in hard-to-reach areas a breeze.

The machine is IPX4 rated so can withstand splashing water from any direction. This makes it a great solution for cleaning your car interior or upholstered outside furniture.

The compact size of the machine makes it a great space-saving solution within your home and easy to access when the you need to clean an accident in a hurry.

A great solution for cleaning your car interior and any outside furniture you may have.

Maintenance

For the highest level of stain removal, we advise cleaning the brush roller and underside of the motorised hand tool attachment after each use. This will stop traces of dirt or debris being laid back onto the carpet. We also recommend cleaning the base of the machine itself if you have taken advantage of using the machine in an outdoor setting.

When you have finished your clean we always recommend that you empty the machine of all water. This helps avoid odours and helps alleviate problems that may be caused by letting the machine settle with dirt and water inside.

A two-year domestic warranty covers the machine for any mechanical problems.

Keeping your machine clean ensures continued high-quality cleaning.

Deep Carpet Cleaner

The Rug Doctor Deep Carpet Cleaner is the next generation in clean. Get award winning carpet cleaning performance, whenever you need it.

Find out more.

Deep Carpet Cleaner

Description

Our Deep Carpet Cleaner is award-winning and features unique high-performance technology. Your carpets will look plush and smell fresh in no time!

Using powerful, dual cross brushes, this machine cleans your carpet in just one pass. These brushes oscillate through carpet fibres to clean, groom and polish from every angle.

If your carpets harbour stubborn stains, then try our super boost spray. This feature is best for cleaning high traffic areas, such as doorways and hallways, which see a lot of use and wear.

Using powerful, dual cross brushes, this machine cleans your carpet in just one pass.

Where to Use

Our Deep Carpet Cleaner is a cleaning solution for all around your home.

It is perfect for use on the carpets in your lounge, dining room, hallways and bedrooms. Stubborn stains in high traffic areas are easily handled by using the integrated Super Boost spray. You can even clean right up to your skirting boards and stairs with the handy upholstery attachment that comes supplied with the machine.

The Deep Carpet Cleaner is built for indoor and outdoor use, making it perfect for cleaning your car interior. The machine is IPX4 rated so can withstand splashing water from any direction.

A fully collapsible handle and hand tool caddy make storage of the Deep Carpet Cleaner simple for any size home.

Maintenance

To make sure your Deep Carpet Cleaner gives you the optimum clean on every use we advise cleaning the brush rollers and underside of the machine after each clean. This will stop traces of dirt or debris being laid back onto the carpet.

Checking the vacuum slot for blockages is a great way to ensure you are always getting the maximum level of suction from the machine.

When you have finished your clean we always recommend that you empty the machine of all water. This helps avoid odours and helps alleviate problems that may be caused by letting the machine settle with dirt and water inside.

A two-year domestic warranty covers the machine for any mechanical problems.

Keep your machine clean for continued professional grade cleaning.

Rug Doctor X3 Professional

Get professional carpet cleaning with the Rug Doctor X3. Suitable for domestic and commercial cleaning environments. Featuring Rug Doctor's award winning one-pass cleaning system.

Find out more.

Rug Doctor X3 Professional

Description

The [Rug Doctor X3](#) features innovative technology that works to transform old and tired-looking carpets. With its high-powered motor and rugged build quality it is a perfect addition to your home or cleaning business.

Removing embedded dirt and grease is easy with Rug Doctor's one-pass cleaning system. A large 11.4ltr solution tank means you can clean larger areas with ease. The robust build of the machine ensures you will be cleaning carpets to a professional quality for years to come.

With the X3 you don't need to worry about storage, as it folds up into a neatly compact and easy-to-store machine.

With proper care, it's designed to last a lifetime.

Where to Use

The Rug Doctor X3 is perfect for use around your home as well as all your commercial carpet cleaning needs.

Carpets in your lounge, dining room, hallways and bedrooms are an easy task. You can deep clean any hard to reach areas, such as edges by skirting boards, your stairs, upholstery, mattresses and even your car interior with the handy upholstery attachment that comes supplied with the machine.

Commercially the X3 is tough enough to deal with all kinds of cleaning. Ranging from hotels and care homes all the way to nightclubs and automotive upholstery, the X3 delivers professional results whatever your needs.

Commercially the X3 is tough enough to deal with all kinds of cleaning.

Maintenance

Keeping your X3 clean ensures peak performance at all times. On every use we advise cleaning the dome filter, brush and underside of the machine. All of these are very simple to carry out. We also recommend checking for blocks in the vacuum slot to maintain optimum suction.

When you have finished your clean we always recommend that you empty the machine of all water. This helps avoid odours and helps alleviate problems that may be caused by letting the machine settle with dirt and water inside.

The machine is covered by a five-year domestic and a one-year commercial warranty which covers all mechanical problems.

It is also very important to fully empty the machine and clean it after each use.
