Trigger Sprays

Designed for everyday convenience, our range of handy trigger sprays give you the cleaning power of Rug Doctor in a spray bottle. If there's ever a cleaning emergency in your house, you'll want to make sure you have one of these to hand.

At Rug Doctor, our products are specially formulated to tackle the real problems you have in your home. Ideal for removing typically stubborn stains – including urine, mud and even the dreaded red wine – our high-quality sprays offer consistent and powerful stain removal.

Our range of handy trigger sprays give you the cleaning power of Rug Doctor in a spray bottle.

Oxy Power Stain Remover

Description

Rug Doctor [Oxy Power Stain Remover](#) provides the power of bleach, without any of the nasty side effects. The unique oxygen-boosted cleaning formula completely removes the toughest stains you'll find, even removing [red wine spills](#).

By targeting the stain's chemical bonds, this innovative cleaner leaves your carpets in perfect condition, and won't damage its fibres. The Oxy Power Stain Cleaner is wool-friendly and safe to use around animals, making it the perfect cleaning solution for pet owners.

Tackling nightmare stains in the home, or even in the car, the Oxy Power Stain Cleaner works on almost every surface: ceramic, plastic, wood, metal, tiles and even painted walls. Give your carpets and fabrics the cleaning power and care they deserve.

Rug Doctor Oxy Power Stain Remover provides the power of bleach, without any of the nasty side effects.

Directions for Use

1. For best results treat stains immediately. (We recommend using household gloves when handling Oxy Power Stain Remover).
2. Shake the handy trigger spray bottle well. Remove any solids or excess liquids from the cleaning area.
3. Generously apply the spray evenly and wait for 3-5 minutes. Don't over-wet the area.
4. Gently blot the stain using a clean, damp, colour safe sponge or cloth. Ideally, work from the edge of the stain towards the centre, pressing hard.
5. Heavy stains may require more than one attempt. Allow carpets to dry between applications, and wash your hands after each use.

Spot and Stain Cleaner

Description

Free your home from spills and stains with the Rug Doctor [Spot and Stain Remover](#). For common and everyday stains like food, drink and grease, this pet-friendly and versatile cleaning solution is a household essential.

You can even use it as an effective pre-treatment before a [Rug Doctor carpet clean](#). Simply spray heavily soiled areas for an immediate boost to your cleaning power.

Whether it's on carpets, upholstery or fabrics, the Spot and Stain Cleaner always delivers effective stain removal. Even tricky woollen carpets are no match for this solution, making them look brand new.

Directions for Use

1. Check for colour fastness by testing the cleaner on an inconspicuous area and blot with a white cloth to check for any colour transfer.
2. Remove any solids from the affected area, and apply the spray generously.
3. Lightly agitate stained area, working from edges toward centre of the stain.
4. Blot with a paper towel pressing deep into stain. Difficult stains may require a second application.
5. Rinse with water and blot to dry.

Whether it's on carpets, upholstery or fabrics, the Spot and Stain Cleaner always delivers effective stain removal.

High Foot Traffic Cleaner

Description

Providing powerful pre-treatment, the [High Foot Traffic Cleaner](#) is specially formulated to break the bonds of embedded dirt in areas of heavy foot traffic.

Kitchens, hallways and doorways are some of the busiest places in any home. Muddy shoes and mucky paws cause grime to build up deep-down within the carpet's fibres. The Rug Doctor High Foot Traffic Cleaner is designed to tackle these difficult jobs, helping you restore your carpets to its original condition.

As a specialist pre-treatment agent, the High Foot Traffic Cleaner should be used before deep cleaning your carpets with a [Rug Doctor machine](#). The spray reduces cleaning time, and can be used alongside other Rug Doctor cleaning solutions. Let the soil-lifting cleaning action do its magic, and leave your carpets looking clean and smelling fresh.

Directions for Use

1. Remove any solids or excess liquids.
2. Generously apply High Foot Traffic Cleaner onto heavily soiled areas.
3. Let it rest for 5-10 minutes.
4. Clean with a Rug Doctor carpet cleaning machine.

A specialist pre-treatment agent, the High Foot Traffic Cleaner should be used before deep cleaning your carpets.

Urine Eliminator

Description

Perfect for pet owners and families with young children, the [Urine Eliminator](#) gets rid of foul stains and odours in a flash. Active enzymes in the formula get straight to the source to completely remove the sight and smell of the stain. This makes it extremely effective at removing all sorts of natural stains – including vomit, faeces and urine

Getting out urine stains and odours from carpets, mattresses and fabrics is a challenge that other cleaning products are unable to solve. The Urine Eliminator's powerful cleaning action means you'll never have to worry about carpet or upholstery damage [if someone has an unfortunate accident.](#)

Easy to store and easy to use, this trigger spray is versatile and can be used as a standalone cleaner for a quick emergency solution, or as a pre-treatment before cleaning with a Rug Doctor machine.

The Urine Eliminator is Perfect for pet owners and families with young children.

Directions of Use

1. When possible, treat the affected area before the stain dries. Some stains such as urine can produce a bleaching effect on carpets and fabrics.
2. Apply generously to the stained area. For urine or other penetrating stains, be sure to wet the area thoroughly. Do not dab or blot the treatment area – the enzymes require moisture to clean properly.
3. Place a damp, colour safe towel over the treated area and let it dry naturally. Where possible, leave the area to remain moist overnight. Highly contaminated areas may require a second application.
4. Once dry, if discolouration remains, simply dampen with water and blot.

Odour Remover

Description

Rug Doctor's innovative [Odour Remover](#) is the go-to solution for foul-smelling carpets or upholstery. The enzymes in the formula break down bad odours at their source, leaving your home fresher and cleaner.

When stains settle deep within your carpet's pile, they produce bacteria which are the cause of unpleasant smells. The chemical cleaning action in our Odour Remover kills these bacteria and restores your carpets, upholstery and fabrics. Odour Remover can also be used as an effective stain removal treatment for old or dried-in stains.

[Woollen carpets](#) can be a cleaning nightmare because of their thicker fibres. Odour Remover can successfully eliminate the odours found in woollen carpets without causing any damage. It is also rated as pet safe – making it the ideal cleaning solution for tackling any nasty stains caused by your furry friends.

Rug Doctor's Odour Remover is the go-to solution for foul-smelling carpets or upholstery.

Directions for Use

1. Remove any solid matter from treatment area.
2. Shake well.
3. Apply full-strength by pouring, mopping or spraying solution on problem area.
4. Do not blot or wipe – enzymes need moisture to work. Place a damp, colour-safe towel over the treated area and let it dry naturally. In most cases it's best to allow the area to remain moist for 24 hours. Highly contaminated areas may require a second application.
5. Once dry, if discolouration remains, simply dampen with water and blot.

Detergents

Refresh and revitalise tired looking carpets, with Rug Doctor's powerful and professional detergents.

Find out more.

Detergents

Refresh and revitalise tired looking carpets, with Rug Doctor's powerful and professional detergents. Use them with a Rug Doctor cleaning machine to remove dirt and stains, leaving your carpets and upholstery plush and smelling fresh.

Our range of formulas cover everything from your pet's accident on the carpet to dirty car seats. Whatever problem you're facing, Rug Doctor's detergents are your number one solution to nightmare stain emergencies.

Carpet Detergent

Description

Revitalise your carpets with Rug Doctor's [Carpet Detergent](#). Formulated to work with the Rug Doctor cleaning machines, the concentrated solution gives you up to twice the coverage of other brands, for brilliantly clean and stain-repellent carpets.

The Carpet Detergent is formulated with SpotBlok®, which works to keep your carpets looking clean and fresh for longer. It protects your carpets from accidental spills and stains long after cleaning has finished.

Normal vacuums only remove your carpet's surface dirt – a Rug Doctor brings your carpets back to life. Cleaning deep within the carpet's pile, this detergent acts against everything from food debris to allergens.

The Carpet Detergent is formulated with SpotBlok®, which works to keep your carpets looking clean and fresh for longer.

Directions for Use

1. For best results, pre-treat heavily soiled areas such as doorways with [Rug Doctor High Traffic Foot Cleaner](#). Our Carpet Detergent can be used in all deep cleaning and hot water extraction carpet cleaners.
2. Before use, ensure the lid is fastened and gently shake carpet detergent.
3. Pour 150ml of Carpet Detergent into the red solution tank, found at the bottom of the machine.
4. Fill up the solution tank to the mesh filter, approximately half way. For woollen carpets, use lukewarm water.
5. For use with a [Rug Doctor Wide Track](#), use 225ml of Carpet Detergent.

Oxy Power Fabric Cleaner

Description

Gentle but powerful, the [Oxy Power Fabric Cleaner](#) is the answer to your [upholstery and fabric cleaning worries](#). Colour, wool, and pet safe, it delivers impressive cleaning that leaves delicate fabrics clean and fresh, without causing damage or fading.

Bringing a breath of fresh air into your home and car, the oxygen-boosted formula will revive your fabrics and upholstery. It's also double concentrated, so you'll get twice the cleaning coverage. Unlike other detergents, the Oxy Power Fabric Cleaner doesn't leave sticky residue and helps you avoid over-wetting.

Use Oxy Power Fabric Cleaner with the Rug Doctor [Hand Tool](#) attachment, and see the amazing results it delivers in no time at all. This innovative fabric cleaner minimises foaming for faster drying times – perfect for busy households. This also

means there's no need to add Anti-Foam to the recovery tank, cutting your costs and carbon footprint.

Directions for Use

1. Shake the bottle gently before use.
2. Apply as directed.
3. Do not use water hot enough to scald. For use on wool, use lukewarm water.

Oxy Spot Cleaner

Description

Used with Rug Doctor's [Portable Spot Cleaner](#), the Oxy Spot Cleaner eliminates stubborn stains for spotless carpets and impeccable cleaning results. The special oxygen-boosting formula wipes out spots and stains on carpet and upholstery, making it the perfect cleaning solution.

Offering value for money and incredible cleaning power, this double concentrated solution provides twice the coverage. There's no need to add [Rug Doctor Anti-Foam](#), as the Oxy Spot Cleaner minimises foaming. It won't over-wet your fabrics, so your home will be clean and dry in no time.

For a clean home and a clean car, use the Oxy Spot Cleaner on carpets, upholstery, mattresses and vehicle interiors. There's no sticky residue to attract dirt and grime, so your fabrics will be cleaner for longer. This solution is even suitable for delicate materials like wool.

Though it's specially formulated to work in the [Rug Doctor Portable Spot Cleaner](#) machine, you can use it with any of Rug Doctor machine.

Directions for Use

1. Before use, apply a small amount of Oxy Spot Cleaner in an unnoticeable place. Blot with white, absorbent cloth. After one minute, check for colour transfer to ensure the surface is colour-safe.
2. Remove any solids using rubber gloves. Vacuum area to remove any loose, dry debris.
3. Shake bottle gently and mix formula with hand hot water according to the machine user guide. Use lukewarm water on wool/wool mix carpets.

Pet Formula Carpet Detergent

Description

Enjoy living with pets without living with the mess they leave behind. This innovative formula attacks [pet stains](#) on carpets and upholstery, refreshing your home and eliminating unsavoury odours.

Pets can bring all sorts of problems into your home: they fetch grime indoors, make puddles that lead to odours and stains, and can trigger allergies. Rug Doctor's [Pet Formula Carpet Detergent](#) uses a pro-enzymatic formula to remove faeces, vomit, bile, blood and more. Great not just for carpets, the Pet Formula Carpet Detergent is also ideal for rugs, upholstery and mattresses when used with Rug Doctor's Hand Tool.

As well as clearing up the mess, the Pet Formula also acts to stop your pets from re-marking areas. And, with no sticky residue, household dirt won't build up, leaving your home free of grime and bad odours.

Designed for Rug Doctor machines, our Pet Formula Detergent can also work its magic in other deep carpet cleaners. One-litre cleans about two average sized rooms, giving you fantastic value for money.

Directions for Use

1. For the best results, we recommend pre-treating heavily soiled areas with Rug Doctor Traffic Lane Cleaner trigger spray.
2. Before use, test the diluted solution for colour resistance in an unnoticeable place. Blot with a white cloth after 10 seconds to check for colour transfer. Not recommended for use on non-colourfast materials.
3. Shake bottle gently before use. Apply as directed. Do not use water hot enough to scald. Use lukewarm water on wool carpets.
4. For Rug Doctor Machine, Pour 150ml of Rug Doctor Pet Formula Detergent into the red solution tank at the bottom of the Rug Doctor machine.
5. For Rug Doctor Wide Track Machine, use 225ml.
6. Top halfway up the mesh filter with hot water.
7. For other leading deep cleaning carpet machines, use 100ml mixed with 6 litres of hot water.
